## About US

**AAPS** markets products of internationally renowned water treatment manufacturers (**Aquatreat**), and supply products, produced as a result of research utilizing latest and state–of–the–art technologies, backed by comprehensive technical training and backup support based on their worldwide experience.

**INTERNATIONAL AQUATREAT CO BVBA, BELGIUM,** provides cooling water, boiler water, waste water, process water, drinking water and cleaning & maintenance treatment chemicals and leverages your system with world leading water treatment services.

**WILHELMSEN SHIP SERVICES, NORWAY**, deliver services for water treatment chemicals, fuel oil treatment and cleaning chemicals. **Unitor** is leading water treatment brand of WSS's across the globe and recommended by world leading engine manufacturers (**MAN, Wartsila**).

We have representation for water treatment complexes from **HYDREX ASIA LTD. HONG KONG** and **U&D Environmental Technology, China** specializes in customized design, building and installation of water/ wastewater treatment for industrial, commercial and municipal application.

Forsta self cleaning Filter has been a very successful story for the field of industrial filtration. We are the exclusive representative of **FORSTA FILTERS** in Pakistan.

With an experience of 6 decades, **FORBES MARSHALL** provides World best Steam Engineering and Control Instrumentation solutions for Industries.

**ADEKOM, Hong Kong** provides world class compressors around the world with export in more than 30 countries and having parent technology from Germany and Italy.

**CNBM, China** is State owned company listing in Fortune 500 providing machinery, pumps and building material around the globe.

**APPLIED AQUAPRODUCTS SERVICES (PRIVATE) LIMITED** is serving different industrial sectors i.e. fertilizers, IPP, captive power plants, textiles, food industries, cement plants and sugar industries, providing economical and sustainable solutions

**AAPS** has performed and completed number of projects turnkey basis, including designing, building, commissioning and operation.

#### Reliable | Innovative | Technologies

APPLIED AQUAPRODUCTS SERVICES (PVT) LIMITED provides industrial water treatment products and services in Pakistan. The company was established in 1995 and delivers best products and services to its valuable customers, having more than 200 satisfied clients all over Pakistan.

APPLIED AQUAPRODUCTS SERVICES (AAPS) is in collaboration and exclusively representing world leading water treatment manufacturer in Pakistan.

## Vision

"To become the leading water treatment company, delivering

High-performance and Innovative environmental green solutions."

## **Mission**

"Sustainable, Efficient and Cost Effective water treatment solutions for our

Valuable customers."

## Values

- We deliver environmentally friendly products.
- Cost-effective water treatment solutions.
- We improve customer efficiency by conserving energy and water.
- We make sure the use and application of our products is done correctly.
- We build long-lasting relationships with our customers.
- A socially sensitive and responsible approach to business.

## AQUATREAT

**APPLIED AQUAPRODUCTS SERVICES (PRIVATE) LIMITED**, which is a wholly own subsidiary of INTERNATIONAL AQUATREAT CO BVBA, BELGIUM. AQUATREAT is producing, for more than **37 years**, fine chemicals for water treatment.

It has its own laboratory for research and development INTERNATIONAL AQUATREAT CO BVBA, BELGIUM is **ISO 14001 and 9001 certified** as supplier meeting ISO Quality standards.

AQUATREAT is exclusively represented by us in Pakistan.

**AQUATREAT** is specialist for the treatment of Cooling Water, Boiler Water, Waste Water, and Process Water & Drinking Water.

AQUATREAT pacific headquarter of AQUATREAT industrial division, Aarschot, Specialty in water treatment chemicals, has been operating in this region for more than 37 years. Over the years, AQUATREAT has continued to expand its operation in Asia pacific region and have now established offices and service networks in the following countries,

### WILHELMSEN SHIPS SERVICES

**Wilhelmsen Ships Service** is a leading provider of recognized products and services to the maritime industry. This includes safety products and services, Unitor marine products, Unitor and Nalfleet marine chemicals, maritime logistics and ships agency.

#### Water Treatment Portfolio

WSS's extensive chemicals portfolio includes two of the industry's most trusted and respected brand (**Unitor**) and is aligned to meet customer needs and global standards.

Operational and Technical challenge that today's manager's faces are unique and demand tailor-made solutions. With 150 years of experience, a trusted and innovative product range and a dynamic global network, we work in partnership with our customers to ensure that these challenges are met. Approved and recommended products for **Wartsila** and **Man Engines**.

Wilhelmsen Ships Service has appointed APPLIED AQUAPRODUCTS SERVICES (PVT) LTD as sub distributor of WSS Chemicals for IPP in Pakistan.

#### **Product Range:**

#### Water Solutions

WSS's water treatment chemicals have been formulated to treat and protect closed/ Jacket water systems cost-effectively, while meeting OEM specifications and approved by Wartsila and Man Engines, internationally

#### Fuel Oil Solutions

Our fuel solutions assist in overcoming the problems caused by inconsistent fuel quality and provide solutions for reducing fuel sludge formation, minimizing carbon emissions, reducing build up of deposits and manage your distillate fuel by improving lubricity and stability.

All WSS chemical products meet local and international regulation standards and are designed to ensure that environmental impact is minimal wherever possible.

#### **Cleaning Solutions**

As a vital part of every engine, cleaning and the use of cleaning chemicals is a task that is becoming highly important, for better performance and running. These cleaning chemicals are helpful in contributing to the efficiency of machines and protect the metallurgy of industrial equipments.

### U&D Environmental Technology

U&D Environmental Equipment Technology Co., Ltd has been engaged in the environmental equipment industry over 15 years, covering from technology development to production as well as marketing. We have expanded the sales and service all over the world.

Our products include fine bubble diffuser, mixer, decontamination equipment, grit catcher, sludge scraper, decanter, dosing device, UV sterilizer and deodorization equipment. We specialize in the research, development and application of advanced aeration technology and biological treatment solution for municipal and industrial wastewater treatment. Based on the good quality and preferential policies, U&D will achieve more recognition around the world.

U&D Environmental Technologies works in all waste water treatment technologies and have vast experience in different parts of the world.

In Pakistan, Applied Aquaproducts Services (PVT) LTD is the sole representative of U&D Environmental Technology in Pakistan.

### ADEKOM COMPRESSORS

Founded in the late 1980s in **Hong Kong, Adekom (Asia Pacific)** Limited offers a broad range of world-class air compressors.

Adekom continues to grow globally and domestically. With strategically located regional offices in China's Guangzhou, Beijing, Shenyang, Chengdu, Jinan, Zhengzhou, Shanghai, Xi'an and Wuhan.

We provide high quality equipment to our domestic market and support with the expert service. We pride ourselves on our customer's geographical diversification: our equipment are sold worldwide and we have established business relationships with clients from Asia, Russia and the former USSR republics, the Middle East, Eastern Europe, Africa and South America.

For our product development, our **R&D** team collaborating with **Adicomp S.r.I.** (Italy) and **ROTORCOMP VERDICHTER GmbH** (Germany), uses the most advanced 3-D design software and engineering techniques

Adekom offers each and every customer an extensive choice of compressors and specialist capabilities to provide customized solutions for any industry. Our team is ready to provide world-class consultation and service to our clients. Not only does Adekom manufacture high quality and reliable products, but we also deliver an installation solution designed precisely to meet your requirements.

## **CNBM** Pumps

China National Building Material Group Corporation (CNBM) is the largest state owned Group Corporation in China's building material industries.

Founded in 1984 with approval from state council of china, it become a national flag in building materials and one of the central government companies under the direct administration of China state- owned Assets Supervision and Administration Commission of State Council (SASAC). CNBM Group has been ranked continuously as one of FORTUNE GLOBAL 500 in 2011, 2012, 2013.

#### CNBM INTERNATIONAL CORPORATION

As one of the subsidiary of CNBM Group, CNBM International Corporation has grown in to leading production base and renowned supplier of pump system in China. Our pumps are widely applied to many large scale projects around the World.

CNBM International Corporation is specialized in supplying kinds of pumps, mainly including: (Stainless Steel) Submersible Pump, Seawater Pump, Vertical/Horizontal Centrifugal Pump, Solar Pump, Axial Flow Pump, Slurry Pump, Double Suction Split Casing Centrifugal Pump, Multistage Pump, Oil Pump/Petrochemical Processing Pump (API 610 standard), etc.

Because of the reliable and outstanding quality and considerate services, the independent strong R&D team guarantees that our products not only satisfy the demand of worldwide market but also lead the new development of modern pump industry.

Supported by CNBM group, we have established widespread marketing channel and good business credit and reputation. And thanks to the long-term cooperation customers, our market share in overseas realizes a tremendous growth. Now we already become a main role in Middle East, Africa, South America and Asia, etc.

## HYDREX ASIA LTD.

Water & Waste Water Treatment Complexes HONG KONG

## HYDREX ASIA LTD

**Hydrex Asia Limited** specializes in custom designing, building and installing water and waste water treatment system for industrial, commercial and municipal applications, serving primarily China, South East Asia and the Middle East.

**Hydrex's** philosophy is to bring the advanced water and waste treatment technologies to its valuable clients. System reliability and equipment quality assurance are the prime factors in all Hydrex's designs, engineering and construction. Hydrex set up its own quality control assurance systems and control procedure and consistently maintain and improve such control system

#### **Business Nature:**

- Design and supply of water and waste water treatment plants
- Project management and construction of waste and wastewater treatment plant

#### Main Product:

- Complete Range of water treatment systems
- Complete range for sewage and waste water treatment system
- Waste water recovery and recycle systems
- Anaerobic system for high strength industrial waste water
- Advanced waste water treatment system for Nitrogen and Phosphorous removal

**Hydrex** engineers are highly experienced in both industrial and municipal effluent treatment, and over the years have built a variety of treatment systems specifically designed to meet the special needs of particular industries and rapidly growing housing estates, resorts, villages and towns, Hydrex system are compact, economical, odor free, noise free, efficient, easy to construct and simple to operate. APPLIED AQUAPRODUCTS SERIVCES (PVT) LTD is representing Hydrex Asia Ltd, Hong Kong in Pakistan.

### FORSTA FILTER | SELF CLEANING FILTERS

Forsta is a premier manufacturer of self cleaning irrigation filters and industrial water filters. Compared to other filter technologies, self cleaning water filters are more cost-effective, automatic, produce less wastewater, and will not interrupt main system flow during the cleaning cycle.

Self cleaning filters is that the backwash cycle does not require the entire system flow to stop and reverse, as is the case for many other types of filters. Instead, a point-of-suction backwash reverses flow across the screen only directly in front of suction nozzles. This allows the cleaning mechanism to scan and clean the screen incrementally without disrupting the main flow through the filter.

Self cleaning screen filters are used in a variety of applications where continuous water flow is crucial, including equipment protection in industrial water filtration, nozzle protection in irrigation filtration systems, and membrane protection municipal water filtration systems.

#### Features:

- Cost effective
- Low Maintenance
- Reliability
- Continuous Operation
- Short Cleaning Cycle
- Avoid from backwash water
- Sustainabilitys
- System Control
- Source Testing

**APPLIED AQUAPRODUCTS SERVICES** is the exclusive representative of **FOSTRA FILTER** in PAKISTAN.

### **FORBES MARSHALL**

For over six decades, **Forbes Marshall** has been building steam engineering and control instrumentation solutions that work for process industry. Today F.M. have evolved into a leader in process efficiency and energy conservation through technology tie-ups and focused investments in manufacturing and research.

**Forbes Marshall** is unique in having extensive expertise in both steam and control instrumentation. The dual expertise has allowed them to engineer industry specific systems that focus on energy efficiency and utilities management for sectors as diverse as textiles, food processing, paper, power and chemicals.

#### **Products Portfolio:**

- > Steam Boilers
- > Waste Heat Recovery Boilers
- > Boiler Efficiency Monitoring Packages
- Control Valves
- > Desuperheating Stations
- > BOD Analyzers

- > Thermo-compressors
- Safety Valves
- > Piston Valves
- > Pressure & Temperature Gauges
- > Steam & Water Analysis System

APPLIED AQUAPRODUCTS SERIVCES (PVT) LTD represents exclusively Forbes Marshall Products in Pakistan.

## WHY APPLIED AQUAPRODUCTS SERVICES?

### **Our Core Competitive Services includes**

- Environment Friendly Water Treatment Chemicals
- International Quality Standards Water Treatment Chemicals
- Environmental Management System ISO 14001
- Quality Management System ISO 9001
- Customized Treatment Solutions
- Regular site service visits with field tests and reports
- Immediate and correct interpretation of the test results And field recommendations
- Routine monitoring of pretreatment and application equipment
- Equipment inspections
- Management meetings to communicate program results
- Experienced technical support
- Effective On-Site training programs
- Modern, well-equipped analytical laboratory
- Research and technology
- Full range of advanced water treatment equipment

"Applied Aquaproducts Services" Keeps Your Systems Operating At High Efficiency With Minimal Cost, Time and Energy

### Water Treatment Solutions

"APPLIED AQUAPRODUCTS SERVICES" provides customized program designed for water treatment problems.

**APPLIED AQUAPRODUCTS SERVICES (PRIVATE) LIMITED** is serving different industrial sectors i.e. Fertilizers, IPP, Captive Power Plants, Textiles, Food Industries, Cement plants, Sugar Industries and Process industries.

#### Water Treatment Programs

Our Water Treatment Solutions Includes

- > Cooling Water Treatment
- Boiler Water Treatment
- Waste Water Treatment
- Reverse Osmosis Water Treatment
- Fuel Oil Treatment

- Design and supply of Waste Water Treatment Project
- > Design and supply of Reverse Osmosis System
- Design and Supply of Filtration, Softening and Demin Water Systems.
- Cleaning and Maintenance Chemicals

"Applied Aquaproducts Services" Provides you Efficient Water System with Minimum Cost, Time and Energy

### **Water Solutions**

"Applied Aquaproducts Services" having specialty for customized Water Treatment Plants which provides high quality and Superior Performance

#### Water Programs

Our Water Plant Program Includes:

- RO Pre Treatment System
- Demineralization Plant
- UV/Ozone System
- Nano/Micro-Filtration System
- Side Stream Filtration System
- Complete Automation system

- Reverse Osmosis System
- Water Softener
- Drinking Water Plant
- Effluent Treatment Plant
- Sewage Treatment Plant

## From Customerization
